**CARE & MAINTENANCE PRODUCTS**

*Based in the city of Lecco, the oriental branch of Como lake, Look Clear is an Italian company which develops and manufactures high quality products destined for the watersports and outdoor world.*

*Look Clear increasingly joins an **on-going passion for the sea** with the passion toward its products and customers. This principle is the key element of our today's business philosophy.*

*Innovation as a sign of Italian tradition and quality are the formula with which Look Clear products are conceived with commitment, by keeping strong the values of Italian craftsmanship and manual workmanship.*

### QUALITY / MADE IN ITALY

Look Clear is proud to realise all production phases in Italy thus offering to its customers **Made in Italy** products.

The local implementation of the production allows a strict quality control at high standard levels since it is possible to follow on a daily basis and check personally the whole production process.

In order to guarantee the highest quality standards, we carry out a strict control over every stage of the production chain, from raw materials choice to finished product. As a consequence, preliminary testing and checks on raw materials are carried out to ensure that they are free from defects. All products are realised in compliance with latest regulations in force.

### R & D / ACTIVITIES

The heart of our company, R&D activities involve the entire supply chain and production process: from the very first research phases, selection of the best raw materials, products formulas, packaging configuration and assessment tests, up to the final industrialization.

Our R&D activities include:

- Raw materials selection and product formulation
- Packaging configuration
- Safety and product conformity
- Engineerization and industrialization
- Quality control (chemical, physical)
- Regulatory facts (technical-legal labelling, import and export documentation)

BEHIND ECOFOG RANGE THERE IS PASSION, EXPERIENCE AND RESEARCH BUT MOSTLY THE AWARENESS TO OFFER **EFFECTIVE NATURAL PRODUCTS** THAT ARE **SAFE FOR THE CONSUMER** AND AT THE SAME TIME PROTECT THE ENVIRONMENT, ANIMALS AND ALL FORMS OF AQUATIC LIFE.

### ENVIRONMENTAL SUSTAINABILITY

For us at LOOK CLEAR Environmental Sustainability means returning to Nature what we have taken away from it. It is not just replacing chemical with natural raw materials but rather running manufacturing processes that reduce emissions and that are less and less dependant on depletable sources. All our final products and their components have been conceived and developed to be **as eco-friendly as possible**, from packaging to content.
